Full Day - \$455.00 per child, \$885.00 maximum for two or more in family.

Half Day - \$240.00 per child, \$465.00 maximum for two or more in family.

Ages: 5 -15 years of age

Activities: Field and court games such as softball, kickball, basketball, field hockey, etc., and numerous table games are available. Special clinics, instructional sessions, and educational programs, both recreational and non-recreational oriented, are offered. These include such areas as: Tai-Kwon-Do, dance, tennis, baseball, lacrosse, safety and health, as well as environmental education, science presentations, etc. There is an extensive arts and crafts program five days a week. There are Field Trips to the “batting cages” and “go-cart track” immediately adjacent to the north end of the Complex as well as the Zoom Flume and other area attractions.

Monitoring: Counselors, with appropriate certifications in First Aid, CPR/AED, etc., in compliance with both New York State and Ulster County Board of Health regulations and standards, monitor campers. Counselor to participant ratio is also in conformity of the two above mentioned agencies. There is a Director, two Assistant Directors, and a Health Director on site at all times. There is a Medical Center located approximately one mile north of the complex. Attendance is taken daily at start and end of the day’s activities. Once on site for the day, participant must remain on site, unless permission is granted by parent and/or guardian, or picked-up by same.

Participants: Campers must be transported to, and picked up at, the site. There is no public transportation. Cold water is provided. Any other cold drinks, snacks, or food must be brought by participants. Refrigeration, to minimize spoilage, will be provided for full day campers’ lunches. Campers should take care in protection from sun. Campers should bring a refillable water bottle.
