5/31/2025 11:14:44	Saugerties	The people that work there.	Kathy	I think the Saugerties Transfer station is efficiently well run at the entrance, the staff and the bins being emptied with no build up of trash or recycling. I do not like the way the pull-up to the bins is set up. People park all different ways that are not efficient and rude. I have seen and heard angry words. I also wish the station was open 5 days a week. But in all, I've been going there since the Woodstock dump closed and I'm a loyal supporter of the Saugerties Transfer Station!!
