

**Town of Saugerties**  
**HISTORIC PRESERVATION COMMISSION**

**AGENDA**

**23 February 2015**

1. Minutes of 19 January 2015
2. Approval and Issuance of Certificate of Appropriateness for four concrete buttresses required to stabilize stone retaining wall at Anchorage farm.
3. Proposed replacement roof for Van Vlierden House.
4. Status report of H3 historic house event
5. HPC objectives for 2015 and their relationship to Proposal for Professional Services by Neil Larson.  
Objectives that might be considered:
  - a) Additional designations (recommended by SHPO) which might include those chosen from 1) the 2005 Historic Property Survey; 2) National Register Properties left out of (1) above; 3) non residential properties such as farms, barns and industrial ruins; 4) cemeteries, dams, mines, quarries, bridges, abutments, abandoned roads and other historic landscape features; 5) historic districts; 6) other properties you believe should be designated.
  - b) Review of the 1642 properties left out of the 2005 Survey of category 1 properties in categories 1/2, 2, 2/3 and 3. I would like Susan and Michael, consulting with Jeanne Goldberg, to bring this list to the meeting with the criteria used to establish those categories.
  - c) A History Map at the same scale and with the same topographical features as in other maps produced by Chazen Associates for the Town along with such other historic features as historic hamlet names, national register properties, Town designated properties, all properties on the 2005 survey, former train stations, toll booths, bridges, kilns, school houses, churches and other landmarks.
  - d) Other objectives, such as those proposed by Neil Larson to survey all properties built through 1970 (number unknown) and reported in a form similar to the 2005 Survey. Would these become the basis for additional designations? If not, to what purpose?
  - e) Submission of grant requests to SHPO, Preservation League, NYSCA and/or other public and private sources.
  - f) Time line for above objectives.
6. Review of latest Larson Fisher Associates proposal.
7. Other Old Business
8. New Business
