Raymond Mayone
Superintendent of Highways

III. MOTOR EQUIPMENT OPERATOR

General Statement of Duties:

Operates one or more types of automotive equipment and performs a variety of manual tasks in connection with such operation; does related work as required.

Distinguishing Features of the Class:

This is recurring manual work involving responsibility for the safe and efficient operation and care of moderately complex motor equipment in the performance of assigned tasks. An employee in this class is required to perform recurring manual duties related to the operation of equipment, and the work is performed under general supervision.

Examples of Work (Illustrative Only):

Operates Compressor;
Operates a truck in connection with the removal of snow, refuse, and in the transportation of stone, fill, gravel, and supplies;
Operates a tractor or truck with snow plow or other attachments;
Performs manual labor in connection with this classification;
May supervise a small group of laborers as specific task require.

Required Knowledge, Skills and Abilities:

Good knowledge of the operation of tractors, trucks and other automotive equipment; good knowledge of the geography of the area; ability to understand and follow simply oral and written directions; mechanical aptitude; a willingness to respond to emergencies and to work outside under adverse weather conditions; dependability; good physical condition.

Acceptable Training and Experience:

One year experience in the operation of automotive equipment

Special Requirements for Acceptance of Applications:

Eligible for an appropriate New York State Chauffeur's License. Possession required at time of appointment.
