❖ Payment plans available to suit every need as well as gift certificates for any amount at:
The Kiwanis Ice Arena and Town Hall

Grades: Pre-K (must be 4 years old and registered for Kindergarten in the fall) through 8th

Activities: Field and court games such as softball, kickball, basketball, field hockey, etc., and numerous table games are available. Special clinics, instructional sessions, and educational programs both recreational and non-recreational oriented, are offered. These include such areas as: Tai-Kwon-Do, dance, tennis, baseball, lacrosse, safety and health, as well as environmental education, science presentations, etc. There is an extensive Arts and Crafts program several days a week as well as a Sports Instruction and Nature Studies Program.

Monitoring: Counselors, with appropriate certifications in First Aid, CPR/AED, etc., in compliance with both New York State and Ulster County Board of Health regulations and standards, monitor campers. Counselor to participant ratio is also in conformity of the two above mentioned agencies. There is a Director, a Program Manager, and a Health Director on site at all times. There is a Medical Center located approximately one mile south of the complex. Attendance is taken daily at start and end of the day's activities. Once on site for the day, participants must remain on site, unless permission is granted by parent and/or guardian, or picked-up by the same.

Participants: Children must be transported to and picked up at the site. There is no public transportation. Cold drinks, snacks, and/or food must be brought by participants. Refrigeration, to minimize spoilage, will be provided for full day participant lunches. Children should take care in protection from sun and bring labeled water bottles.
